Extracts from the Minute Book of the Epidemic Diseases Hospital, Mysore

Inspected the Hospital on the 20th October and 3rd November 1920.

Two trained nurses with knowledge of Midwifery are required, as Plague, Influenza and other infectious cases come here in different stages of Pregnency. Usually, these cases either abort or have premature delivery. In the absence of a trained Midwife, such cases cannot be properly attended to by male doctors.

Any hospital worthy of the name should be provided with a suitable nursing staff. All the cases that resort to treatment here require more of nursing than medical treatment. Therefore a couple of nurses is urgently required.

Senior Surgeon's Office,
Mysore Government,
Bangalore, 16-3-1921.

Dear Sir,

I enclose a copy of a D.O. letter received this day from Mrs. Whale of the Vani Vilas Hospital, bringing to notice that on account of cases of Influenza among the staff and patients of the Hospital, she finds it difficult to provide accommodation for fresh -- Maternity Cases.

2. As there is likely to be objection from the public if cases of Influenza (even among members of the Staff) are admitted in the Vani Vilas Hospital, I am writing to Mrs. Whale not to admit such cases in her hospital but have them sent to the Epidemic Diseases Hospital.

3. But before doing so, I feel I ought to see that the Epidemic Diseases Hospital is provided with the necessary nursing staff to look after the patients who will generally have high fever and require constant

constant nursing and attention. May I therefore request you to kindly sanction the entertainment of two Nurses for the Mysore Epidemic Diseases Hospital, as recommended in my letter No.G.C.244 dated 28th January 1921?

Yours sincerely,

K.B. Nyshagaran

D.O.Letter No.10 dated 15-3-1921, from the Lady Medical Officer, Vani Vials Hospital, Mysore, to the Senior Surgeon, Mysore Government, Bangalore.

****

The Nurses are going down with Influenza and there is infection in the wards too. We have not sufficient accommodation at present for fresh maternity cases. So I am writing to ask whether it would be possible to arrange for one or two tents in the Hospital Compound to cope with the work.

I understand there is no Midwife attached to the Epidemic Hospital and besides we cannot persuade cases to go there. It is impossible to refuse to admit cases advanced in labour.

Dear Sir,

It is understood that the influenza is prevalent in Mysore and consequently a few tents are required urgently for the use of the staff of the Vanivilas Hospital, I am therefore desired to request you to be so good as to spare three or four single pole tents for their use from the Govt. House. The Senior Surgeon has been informed requested to issue necessary instructi
